

POLITICAL DOINGS OUT CALIFORNIA WAY

Business Of Electing National Convention Delegates, Brings About Much Activity

(By Associated Press)
San Francisco, May 4—Choice between two groups of 26 delegates to the republican national convention, one pledged to United States Senator Hiram W. Johnson and the other to Herbert Hoover, former United States food controller, was offered to voters at the California primary election today.

Democrats and prohibition today were electing 26 delegates each to their respective national conventions. These were unopposed except that on the democratic ticket Henry H. Childers of Los Angeles, announcing that he favored liberal interpretation of the national prohibition amendment, qualified as a candidate for national delegates in addition to the 26 named by the state central committee. The democratic delegates are unpledged. The prohibition group is pledged to the candidacy of Henry Clay Needham of Los Angeles.

Registration for today's election exceeds that for any previous primary election in California. Of the men and women eligible to vote, 693,767 are registered as republicans, 247,737 as democrats, 16,528 as socialists and 6,321 as progressives. 3,317 are scattering and 125,308 declined to state their party affiliation.

Regardless of party affiliation, voters at this election may choose the ballot of any party they wish, state officials have announced. As a result it was expected that many democrats and others would vote the republican ticket where interest centered between the rival Johnson and Hoover groups of prospective delegates.

The Johnson forces were expected to show their greatest strength in San Francisco and the northern part of the state, while the maximum Hoover vote was expected from Los Angeles and Southern California.

Only delegates to national party conventions will be elected today. The state primary will be held August 24, when candidates for the United States senatorship 11 seats in congress and a long list of state offices will be chosen. California presidential electors will be named by the state conventions in September.

KENTUCKY LEAGUE OF WOMEN VOTERS

The Kentucky League of Women voters was organized Monday at Lexington where a committee was elected to advise and organize local leagues. Richmond is to be represented, the local organization having been perfected Saturday afternoon. The league will have delegates at both the San Francisco and Chicago conventions. Establishment of a permanent Women's bureau under the Department of Labor, with a woman as chief; appointment of women in the mediation and conciliation service of the department and establishment of Federal and State employment service with a women's department, under the management of qualified women, are included in the platforms to be demanded as the enactment of a child labor law which shall be an extension of the child labor tax law.

H. M. Samuels Fired At
H. M. Samuels of Richmond, United States prohibition officer, Judge Mullins and others, while making a raid several miles from Mt. Vernon Monday, destroyed three moonshine stills, and were fired upon, but the members of the party escaped uninjured. They did not catch sight of the shiners, who were doubtless close by.

Unsettled tonight and Wednesday; probably showers.

SHACKELFORD NAMED UNANIMOUSLY TODAY

Will Be On Permanent Organization Committee—Stanley Supporters Active

(By Staff Correspondent)

Louisville, May 4—Judge W. R. Shackelford, of Madison county, will represent the Eighth Congressional district on the permanent organization committee of the Democratic State Convention, which convenes here at 2 o'clock this afternoon. He was unanimously elected to this honor at the Eighth district convention this morning. Dr. Thomas R. Welch, of Jessamine county, and John Nichols, of Boyle county, were re-elected on the state committee. Miss Laura Clay, of Madison county, was elected vice president of the convention.

The district convention was entirely harmonious but a hot fight is expected in the State Convention.

Friends of Senator Stanley are attempting to organize the entire convention and re-elect Judge C. A. Hardin, of Mercer county, as State chairman. Senator Camden leader of the Cox forces, is said to favor W. O. Davis, of Versailles, for the place.

(By Associated Press)

Louisville, May 4—The Times today says that Senator Stanley and former Senator Camden have disagreed over the selection of a chairman of the combined State Democratic Committees, and indicates as a result, that a struggle may be made in the Democratic State Convention here this afternoon with the probability that Kentucky may send an unopposed delegation to the National Convention in San Francisco.

Moreover it indicates a reported agreement last night whereby neither Stanley nor Beckham would be on the delegation at large, and which was withdrawn by both Senators today and the program now is that both will be named.

Judge Charles Hardin, of Harrodsburg, notified the organization which is managing the campaign of Gov. Cox, of Ohio, for President, that he would endeavor to retain his place as head of the committees, and would seek an unopposed delegation to San Francisco.

Cox leaders today said there were prospects for a convention struggle, due to the combination between the Fifth district organization and both Beckham and Stanley for an unopposed delegation. Senator Camden is quoted as saying he "invited such a fight," and that "now is the time to clean the barnacles from the bottom of the Democratic ship."

At the district conventions during the morning, the Third district endorsed Marion S. Taylor for National Committeeman.

In the Fourth district a resolution endorsing former Senator Camden was tabled and in the Eighth resolutions endorsing each man were withdrawn.

In the Tenth Camden was endorsed; none others took action.

Delegates in eight of the district conventions were instructed to cast their ballots for Governor Cox. They were uninstructed in the Fifth and no resolutions or instructions were adopted in the Second and Third.

PROHIBITION COSTS MILLIONS ANNUALLY

(By Associated Press)

Washington, May 4—Prohibition enforcement will cost eighty-three million dollars annually, Representative Gallivan, democrat, of Massachusetts, declared today in the House. There are more illicit stills now than before prohibition became effective, he said, adding that the bulk of the Anti-Saloon League funds was used to hire special agents to locate stills.

He asserted that the number of stills raided numbered from two thousand in Georgia to 1,500 in North Carolina, and 121 in Kentucky and 26 in Nebraska, and that the total was 6,000 for the year when prohibition was young.

MUCH LIVESTOCK BOUGHT AND SOLD

Richmond, The Mecca For Stock Men Who Have Busy Day—Sales And Purchases

While numerous horses changed hands Monday, and there was a fair price, especially for mules, the consensus of opinion was that the day was "only fair," and the chief reason is attributed to the first weather which has favored the farmer for some time and that he is too busily engaged in the field these days to attend the sales.

C. C. Hise, well known city and county auctioneer, as well as auctioneers Jesse Cobb, John Shearer, Robt. Walker and Jas. Pearson, had one of the busiest days of their life as they explained it, since they were busy from morning till night and disposed of a large number of horses and mules, as well as several vehicles, harness and other paraphernalia for stock.

Some sales by well known people were as follows:

G. T. Bruner, of Nicholasville, bought of F. R. Cobb, bay mare price \$37.50 and one mule for \$38 and two mule colts from Carter Adams, of Jessamine county.

Charles Robinson, of Atlanta, paid \$152 for a mule bought from R. Miller, who also sold a three year old mule to Frank Hazelton, of near Richmond, for a like amount.

Thomas Delay, of Franklin, O., purchased a pair of jacks from Robt. Walker, of Richmond, and will ship the animals to his farm this week.

C. W. White, of Valley View, sold to Fletcher Mann, of Lexington, one jack for \$300, another to Sherman Hughes, of Jessamine for \$225; purchased three mules from C. D. Smith for \$235, and two from H. M. Kirks for \$450.

William Kidwell bought a fine driving horse from G. L. Edwards, of College Hill, for \$125, and sold a fine saddle horse to John Carroll for \$165. He also bought five horses at Lexington and will bring them to his farm in Madison county this week.

Wilson Rogers also bought a saddle horse from A. W. Cavanaugh, price, \$250.

Clay Simpson bought from Wm. McSwain a driving horse for \$155.

Two cows appeared on the salesgrounds at an early hour in charge of their owner, Jacob Bosley, and were soon disposed of, one being bought by Julius Maupin, of Richmond for \$85 and the other to Frank Ross, living the western part of the county.

Charles Anderson, of Berea, was the purchaser of one mule for which he paid \$200.

L. S. Hamilton, of Winchester, was here with a string of mules, but all were of a high class, and he did not put them up for sale, returning home with them Monday night.

Others from Winchester attending the sale were C. F. Faulkner, Marcus Lysle, H. B. Wiseman, Sidney Bush, and G. E. Black.

William Harbison, of Lexington, a well known dealer, was in attendance at the sale looking for some saddles horses, but what he wanted had been disposed of before his arrival, and he went home without making a purchase.

Albert Sandlin bought a fine Poland China sow from Chicago parties, said to be one of the best specimens seen in Richmond for some time. Price \$60.

Howard Witt bought of Frank Shifflett, the following: Steel wagon harness, check lines, bridle, and saddle, \$15.15.

Fiscal Court In Session

Judge W. K. Price opened the Fiscal Court Tuesday morning in regular monthly session. The allowances of bills, etc., and other routine business is claiming his attention. Workmen on road improvements are receiving their pay for which orders have been vouched.

Light Vote In Indiana

(By Associated Press)
Indianapolis, Ind., May 4—Early voting throughout the state in the presidential preferential primary comparatively was light, according to first reports.

BIG DEMAND FOR SOFT DRINKS HERE

One Firm One Million Barrels Behind With Orders—Much Ice Cream Consumed

The demand for soft drinks and those known as fancy drinks to be had at local confectioners, restaurants, etc., is greater than ever before, state dealers and some of them are unable to keep a sufficient supply of certain varieties on hand. The consumption is such as to keep a standing order on file by many dealers, and one of them said that he had been unable to repeat his orders for a certain drink although the price of it had been steadily increasing for the past three months.

A traveling man selling a popular "brand" of soft drink, stated that his firm at the Chicago office orders which aggregate one million barrels, and that they were unable to make any headway in the line of filling these orders owing to the general business being so great.

There is a large quantity of ice cream, used in various forms of drink also consumed in Richmond, those in the retail business report, several claiming that their supplies this season already exceed that of last year, and that the ice cream season was really not at hand yet. Despite the cold weather, there is a steady demand for the congealed cream.

COUNTY DIPLOMA EXAMINATION COMING

The county diploma examination of rural schools will be held Friday and Saturday, May 7 and 8, beginning at 8 o'clock, a. m., for the purpose of admitting students from the 8th grade to the county high school. The examination will be under the supervision of County Superintendent Ben F. Edwards and Board of Examiners.

On May 14 and 15, will occur the county teachers examination, for both white and colored. This will be the first examination of all together, under the new law. This examination will be held at the State Normal School.

It is expected that there will be a greater number of advances from the eighth grade to the high school than usual, said Supt. Edwards.

Owing to the illness of one of his children, Supt. Edwards was unable to meet with business engagements last week. Supt. Edwards and Prof. McCoy, of the Normal, had contemplated visiting all the schools in session in the county during the week, however, sickness prevented it.

ETHEL CLAYTON IN DRAMATIC PICTURE OF MARRIED LIFE

Stories about young married life are always interesting. Rupert Hughes' "Thirteenth Commandment" created quite a stir when it ran serially in a popular magazine and later as a novel. Now it has been adapted to the screen and will be shown with Ethel Clayton in the leading role at the local theatres Wednesday.

The heroine is the pampered daughter of a middle western merchant. She has always had all she wanted and, when she becomes engaged to a young New Yorker, supposes him to be rich because he spends lots of money on her. But a trip to the metropolis shows her that he is really poor and is making tremendous sacrifices in order to satisfy her whims. Other dramatic development convince her of the justice of the attitude of the pretty woman who demands a heavy financial tribute from her husband for simply being idle and extravagant.

She pursues an independent career and, when her fiancé is ready to wed her, goes to him on a "fifty-fifty" basis. Miss Clayton is supported by a fine cast, which includes Anna Q. Neilson, Monte Blue, Charles Meredith and Irving Cummings. It is a Paramount- Artaft picture directed by Robert G. Vignola.

Mrs. Harvey Storms died at her home in Simpsonville, the latter part of the week as a result of a stroke of paralysis. She was before her marriage Miss Louie Tribble and is closely related to Mr. T. S. Hagan, Mrs. J. S. Crutcher and Mrs. Cabell Chenault in whose homes she has frequently visited.

PLANS MADE FOR FINANCIAL DRIVE

Inter Church World Movement Extending Operations And Gaining In Richmond

Plans for the financial drive of the Disciples Forward Movement in Madison county, are being formed by the County Chairman, Jas. W. Hamilton, and the local church Chairman R. E. Turley.

Next Sunday, May 9th, every Christian church in the county will be visited by teams from Richmond. These teams are to consist of two men and one woman, who will make short talks on the Disciples' part in the Inter Church World Movement. The object of these visits is to impart information and enthusiasm and to extend an invitation to a big mass meeting which will be held at the First Christian church next Sunday night. Details of this meeting will be given later.

SEEKING GRAVE OF KENTUCKY WOMAN

(By Associated Press)

Los Angeles, Cal., May 4—Before leaving here today with officers to seek the grave of Nina Lee Deloney, the Kentucky woman, one of "five wives," whom it is alleged he killed, James R. Huirt gave out a statement reviewing his acts. When asked if it was reasonable to think his acts were those of a sane man, he described himself as "ordinarily tender-hearted," and asserts his acts show that he is more to be pitied than blamed.

En Route To Grave

Elcentro, Cal., May 4—Walter Watson, alias James R. Huirt, in custody of officers, arrived here today, and left a short time later for a place in the mountains between here and San Diego, where, according to his reputed confession, he buried Nina Lee Deloney. Officers said that Watson reiterated that he would be able to take them directly to the place where the woman was buried.

PRESIDENT TO VETO KNOX RESOLUTION

(By Associated Press)

Washington, May 4—In the opinion of administration officials President Wilson will veto the Knox peace resolution, if adopted by Congress. It was said at the White House today that no one was authorized to speak with final authority for the President, but indicated he would adhere to the position he announced last summer against any separate peace, because it would be a stain on the nation's honor.

Cost of Wire Service

Washington, May 4—The operation of the telegraph and telephone companies during the war, cost the government \$14,000,000, Postmaster General Burleson informed Congress today. In asking for an immediate appropriation of that amount to liquidate the affairs of the federal wire administration.

More Good Oil News

Local royalty holders in the famous Wells heirs oil lease in Lee county were greatly pleased by the following oil item in the city papers late last week: What is reported to be the largest oil well drilled in Lee county in many months is said to have been completed by the Petroleum Exploration Company on its Wells heirs lease. This well is credited with flush production of 500 barrels daily. This well is at No. 303 location on the big tract. The other wells on the Wells heirs lease are big producers and four of them, which have been pumping oil for months are said to average 75 to 100 barrels.

GENTS, if you are down in town and want your suit pressed while-u-wait, come to us. Booths especially for (while-u-wait, customers. No extra charge; 40 cents a suit. Hill and Mattingly, phone 391, over Western Union. 1p

Cincinnati—Cattle steady, packing hogs 25c lower; others steady Chicago lower.

TWO-DAY OPENING WAS HUGE SUCCESS

Richmond Welch Co. Presents Popular Innovation Without Precedent In the County

The Richmond Welch Co., has just concluded the second and last day of their wonderful opening. This event will long be remembered by Richmond and Madison county as it was the biggest thing ever attempted in our county and to say that it was a wonderful success would not begin to express it.

This good firm came to our city only a few months ago, and have established themselves as being a most progressive organization and a County Builder.

A conservative estimate of five thousand people passed in and out of their doors on Monday, each wearing a beautiful flower and a feather in the cap. The store, which needs no decoration other than its real everyday appearance is without question the most up-to-date; the most complete and the best looking Hardware Store in the State of Kentucky; and to say this is not home boasting but is the cool verdict of those who have seen and who know.

The new panel wall fixtures, the beautiful electrically lighted floor cases, the handsome Lalley Light Station, the Good Luck Grocery are all arranged with that blending that goes to make the beautiful, the perfect.

Each and every visitor not only received the beautiful tokens above referred to, but were served refreshments in genuine old Southern Style—lots of it and more left—Everybody was there and as they moved around each and everyone happily visiting and seeing; one could not help but stop and wonder; as they viewed the wonderful sight, the handsome fixtures and equipment bedecked here and there with the pretty palms, and as the sweet music filled the air; that here at home right in Richmond was the beginning, the celebration of an institution the like of which will be duplicated as time goes on and with it will come the distinction of the making of the best little city in all Kentucky and the Southland.

A town, a community, a county is just as big and just as progressive as the people in it. God gave us the wonderful opportunity in old Madison. How are we going to use it?

Come on, lets have some more such demonstrations, some more business houses, some firms and organizations like The Richmond Welch Co. and old Richmond and Madison will come into her own.

Go to it Richmond Welch Co., we are proud of you, and every man, woman and child in Madison bids you well.

NOTED TENOR COMES FOR MAY FESTIVAL

Mr. John A. Hoffman, the distinguished American tenor has been secured to take the place of Mr. Walter Vaughn in the May Festival to be held here week after next. While it is to be regretted that Mr. Vaughn, who is now very ill in Christ's Hospital in Cincinnati, the management of the festival is to be congratulated on securing the services of Mr. Hoffman, who is a musician of exceptional versatility, commanding a wide knowledge of piano, violin and organ, in compliment to his specialty.

After completing the Artist Course in the Cincinnati Conservatory of Music Mr. Hoffman continued his studies in New York, Berlin, London and Paris under the famous vocal specialists, Oscar Saenger, Prof. Franz Henri Von du Long, Richard Lowe and James Courtland Cooper. During Mr. Hoffman's European residence he achieved fame as a leading tenor in frequent concerts and in oratorio work.

At present Mr. Hoffman is a member of the artist staff of the Cincinnati Conservatory of Music and at the same time actively engaged in the concert and oratorio field. He will be heard here on both Thursday and Friday evenings.

LOST—One white and lemon spotted hound, two years old, has no collar on; will answer by the name of Lee; reward for his return to Chas. Powell, Richmond, Ky., phone 122. 107 4

BIG WORK BEFORE COMMISSIONER BOGGS

Everyone "Pulling" For Him To Be Retained At Head of State Road Department

Richmond's own State Road Commissioner Joe S. Boggs, who has done such fine work as heard of the state Road Department during the time he has been at its head that all are hoping Gov. Morrow's non-partisan Road Commission will retain him in the place he has filled so well—has a big program of road construction before him in Kentucky already mapped out for this year.

All but \$340,297.5 of available Federal aid money for the current fiscal year has been "tied up" in projects, already accepted, and Commissioner Boggs is satisfied that before June 30, the last day, approved Federal Aid projects in Kentucky will far exceed the State's apportionment for the year—\$1,221,968.44. By September, it is anticipated all of the 1921-1922 Federal aid funds will be "cinched." These amount to something like \$1,800,000.

The 200 miles of River Road and the Mayo Trail up Sandy Valley, approximately the same length, for which bonds have been voted will make a deep cut into Federal aid projects in the course of preparation and there are several less ambitious.

Work now under construction or contract and projects approved will add 50 per cent to mileage of paved roads in the State and projects practically ready for letting will more than double it. In other words this year will see as much permanent construction in Kentucky as all previous years of its history. Not more than eighty miles of Kentucky's roads are paved.

There are now under contract for brick Kentucky rock asphalt or concrete forty-three miles and fifty-two miles more will be let this summer. This does not include the Big Sandy project a large part of which will be permanent surface type of construction.

Another good omen is the statement of Commissioner Boggs that contractors are bidding in large numbers on Federal aid work. On the last contract let there were nine bidders. The lowest satisfactory bid gets the work and the money has to be put up before a Federal aid contract is let.

Projects settled most of them under way include thirty-nine miles of Midland Trail; eleven Eastern Dixie Highway; three, Western Dixie Highway and seven Kentenwa Road, from Winchester to Virginia line. Soon to be let are eleven miles of the Eastern Dixie and River Road, fifteen Dixie Bee Line, Western Kentucky.

MAY COLLINS FARM BRINGS GOOD PRICE

Col. G. B. Swinebroad and Company demonstrated Tuesday just before noon, the extraordinary worth of Madison county land, and especially that in the vicinity of Richmond, when they sold the May Collins farm, a little over one mile west of the city on the Big Hill highway, to three men at an average price of \$366.43 per acre.

The sale, which had been extensively advertised, was of short duration, being spirited bidding throughout. Samuel Hise, a well known local man, was the first purchaser, buying 28 and 37 hundredth acres for \$480 per acre. He was followed by B. Current who got the second division, aggregating 32 and 29 one hundredth acres, he paying \$458 per acre.

The remainder of the farm was bought by Benjamin Shearer, there being 34 and 11 one hundredth acres in the tract, at an average of \$185 per acre.

The total amount was \$34,716, and the average per acre was \$366.43, there being 94 and 77 one hundredth acres in the farm. W. J. Faulconer, auctioneer, stated the value of the land before the sale, and the merits of the location, together with the quality of the ground etc., and there was a large attendance among whom were many who commented upon the probable price the property would bring. The sale was a success, and the figure received representing the sale price indicate another angle of the value of property in the city of Richmond and vicinity.

Messrs. Swinebroad and company having the sale in charge was complimented upon the manner in which they conducted the transfer of the property.

This Tells You How to Get Benefit of the Best Senna

Finest Grade of Egyptian Senna Leaves used in compounding Dr. Caldwell's Syrup Pepsin.

PROMINENT importers and wholesale dealers in crude drugs and medicinal herbs gathered from all parts of the world do not hesitate to say that the market for the better grades of medicinal herbs, roots, oils, etc., is practically confined to the leading manufacturers of the so-called package medicines, who buy only the very best, and that the manufacturers of Dr. Caldwell's Syrup Pepsin are the largest users of the best grade of Egyptian senna leaves in the world.

The potency of a tea brewed from senna leaves to relieve constipation has long been recognized, not only by the medical profession, but by the public generally; in fact, senna has been known and used in medicine for more than five centuries. The cheaper grades of senna, such as are usually sold at retail, have, however, a tendency to grip and clamp

which makes their use unpopular with most people.

In Dr. Caldwell's Syrup Pepsin the finest Egyptian senna is combined with pepsin and other valuable agents, essential oils and pure cane sugar syrup to make an exceptionally valuable tonic-laxative for the relief of constipation and resulting disturbances of the stomach and bowels. The complete formula is plainly printed in English, French, and Spanish on every package. Thousands who formerly bought an inferior grade of senna leaves now use Dr. Caldwell's Syrup Pepsin instead. It is sold in drug stores everywhere.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

Women To Vote In Kentucky
(Meade County Messenger)

The following editorial is from the Central Methodist, and we trust every woman reader of the Messenger will read and "think over it."

We see it announced that Governor Morrow has signed the bill passed at the recent session of the legislature authorizing the votes of women in the coming

Presidential election. It is a very well known fact that the editor of the Central Methodist has not been an advocate of women's suffrage. Conscientiously we did not believe it was best either for women or for society as a whole, and that it established an order of things which militates against the home. These opinions have been conscientiously held and in so holding we have believed that we were a true friend of womanhood.

"But suffrage is here, both in church and state. It is no longer a question of opinion, but a fact. Under these changed conditions good women must vote. It is now a matter of self-protection and of the protection of society.

Women and are all angels—yet. There are good women and bad women. We may be sure that the bad will be at the polls. For good women to stay away,

is to turn the affairs of the country over to the control of the underworld, and the most vicious and conscienceless elements. Every good woman must vote. It now becomes her duty. If all good women of the state and nation take up this duty and stand with the good men of the state and nation, the land will be rid of many evils. Nothing else can save us from the disastrous rule of the vicious and ignorant. We appeal to every Christian woman to get ready for the performance of her duty. It will not be a pleasant duty to some but it is a duty nevertheless. Let no good woman stay away from the polls."

KENTUCKY HORSES ARE GAINING ABROAD

Noted Kentucky thoroughbreds will be seen in British Columbia and Cuba, as a result of the sales effected in Richmond Monday, when Wilson Rodgers, noted stockman and horse expert, sold two horses the purchasers paying the sum of \$1,450 for the two. One was a beautiful black saddle horse, a Kentucky thoroughbred, sold to J. C. Hoskins, for \$1,000. This animal was purchased for British Columbia parties, and will be shipped north within a short time. The second was a dapple gray, plantation saddle horse, one of the most attractive in the state, sold by Mr. Rodgers to Ken Brothers of Lexington. The price was \$450. The horse was purchased for a big plantation owner in Cuba, who wanted, "just this kind of a horse," and had to come to Kentucky for it. The horse will be shipped south soon and will doubtless add much comment to the already large colony of Kentucky horses now there.

Mr. Rodgers who resides near Boonesboro, stated that he had orders for other fancy horses, but they did not appear at the sale Monday. They will perhaps be in evidence at next Court day sale. One of them will be shipped to England and another will be sent to one of the North-western states and will become the property of a large ranch owner, who will use the horse in making his rounds of inspection on his big farm.

An Indianapolis man is the inventor of a lathe for grinding automobile valves in which the centering is done automatically by placing the valve stems in the machine.

At last the incompetence of the Republican congress in relation to world affairs and reconstruction at home is explained. Chairman Cummins of the democratic national committee says the majority leaders have "no real experience in legislating for anything but special interests."

REDUCE YOUR WEIGHT

Simple, Safe, Reliable Way

If you are carrying around ten to sixty pounds of unhealthy fat you are unnecessarily weakening your vital organs and are bearing a burden which destroys the beauty of your figure.

Why continue a victim of superfluous fat? If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or strenuous exercise, the KOREIN system is just what you should try. Spend some time daily in the open air, take seven deep breaths each morning and night and use oil of KOREIN, following simple directions that come with the box. Weigh and measure yourself once a week. WONDERFUL!

Oil of KOREIN is absolutely harmless, is pleasant to take. Even a few days' treatment has often been reported to show a noticeable reduction in weight and measurements. Your work becomes easier; a more buoyant, vivacious feeling takes possession of your whole body and mind. WONDERFUL! Become attractive, look and feel younger; add years to your life! Be surprised and delighted. Amaze your friends, too! First, obtain a box of oil of KOREIN at any drug store. A \$100 guarantee in each box that by following KOREIN system you will lose 10 to 60 pounds, whatever weight you wish. A brochure will be mailed (with money) free by KOREIN Co. Station F, New York, N. Y.

Madison Drug Co., B. L. Middleton, H. L. Perry, and Stockton & Son.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S., and get on the right treatment-to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

Walsh Tailoring Co.

All patterns exclusive with me. Personal attention from the proprietor for every customer. Careful attention to every detail—and the very best clothes possible to produce. Are you the kind of a man that kind of service appeals to? My new spring and summer suitings for your choosing a pattern.

SOCIAL AND PERSONAL

Duerson-Smyre

Relatives and friends here had quite a surprise Tuesday morning when it became known that Miss Lida Duerson and Mr. P. N. Smyre were married in Cincinnati Monday afternoon. Miss Duerson is the daughter of Mrs. Annie Duerson of the Silver Creek section for several years, has made her home in Cincinnati. Mr. Smyre has been engaged in mercantile business at Kirksville for a number of years but has recently purchased an interest in the Glyndon Hotel of which he and his partner, Mr. Arnold will take complete charge, May 15th. They will probably return to Richmond this week where they will receive the congratulations of many friends who extend best wishes to the happy couple.

Messrs. James and Sam Denny were court day visitors here Monday. Mr. Franklin Deatherage has returned from a business trip to Louisville.

Miss Emm Watt's will be hostess to her Bridge Club Wednesday afternoon.

Mrs. Sam Gilbert and daughter of Winchester spent Saturday in Richmond.

Mr. Glenn Smoot, of Maysville, is visiting Dr. and Mrs. C. E. Smoot on High street.

Mr. and Mrs. S. M. Sanfley and son, Shelton, Jr., are spending a few days in Louisville.

Mrs. J. W. Smith has returned from a visit to her daughter, Mrs. Newton Combs in Lexington.

Mrs. Giles Harris left Monday for a month's visit to her son, Mr. Henry Rayburn at Speedwell.

Mrs. R. C. Cobb, Jr., and little son, of Danville, are visiting the former's mother, Mrs. Jake White.

Mr. and Mrs. J. J. Neale and guest Mrs. Florence Pollard spent Tuesday in Lexington shopping.

Miss Mary Hoggs has returned from a visit to her grandmother, Mrs. R. F. Spears in Lexington.

Mrs. George Ferguson, of Winchester, is spending two weeks with her daughter, Mrs. T. N. Cotton.

Mrs. H. M. Whittington, and little daughter, have returned from a pleasant visit to relatives in Louisville.

Mr. L. M. Tipton and Mr. C. W. Hunley and Mr. Elmer Tate, of Irvine, were court day visitors here.

Mr. G. D. Hamilton has returned to Somerset after a several days stay with his children at Mrs. J. B. Stouffers.

Mr. and Mrs. Harvey Chenault have returned from a visit to Hon. L. B. Herrington and Mrs. Herrington in Louisville.

Miss Zelia Rice has returned from a delightful stay of several weeks with relatives in California, Texas and New Mexico.

Mr. and Mrs. Lewis Ross, of Lexington will spend the week-end with the former's mother, Mrs. Belle Ross at Kirksville.

Mrs. Carrie Davidson, of Lancaster, is with her daughter, Mrs. Z. T. Rice who we are sorry to report quite ill with tonsillitis.

Miss Alice Clark Kellogg has returned from a visit to friends in Danville, where she attended the dance Friday evening.

Mr. and Mrs. Mose Ray have returned to Winchester after a visit to Mr. Ambrose Calico and family on Sunset avenue.

Mr. J. M. Boen, Jr., who is attending the Normal had the misfortune to break his right arm while cranking his automobile Sunday.

Mrs. J. W. Moore, of Union City, and Mrs. Lisle, of Ford, were called here Monday by the death of their sister, Mrs. H. C. Rice.

Prof. G. D. Smith took his class in nature study to Ford Monday afternoon where they found some beautiful specimens for their work.

Mrs. Vernon Million has returned to her apartment in the W. Messenger-Gaulbert, Louisville, after a visit to her mother, Mrs. Mary Bates Miller.

Miss Elizabeth Scott has returned from a months stay with the home-folks in Chillicothe, Ohio, and has resumed her work at Pattie Clay Infirmary.

THE ONLY RANGE BUILT

that is lined with pure sheet Copper to prevent the range body from rusting out on the inside is

THE COPPER CLAD

The Copper-Clad is so decidedly superior to all other ranges in baking and cooking that it has been called the "perfect cooking machine." You can depend on the Copper-Clad baking and cooking as good tomorrow as it did today, and today it will do the same good work it did yesterday.

Plain and smooth, the Copper-Clad is known as the "range beautiful." There are no dirt-catching hinges or catches. The Copper-Clad cleans like a dish.

When satisfaction is desired; when you really wish to be "Range Happy," you must buy a Copper-Clad.

And when you buy your Copper-Clad, you will have the "World's Greatest Range."

FREE

With each Range sold this week we are giving a set of Aluminum Cooking Utensils. Special demonstration all this week by a factory representative. Let us demonstrate to you what we say.

NEW REFRIGERATOR
you need now!

Mrs. Be-Thrifty:

The first thing a thrifty housewife buys when furnishing a home is a Refrigerator.

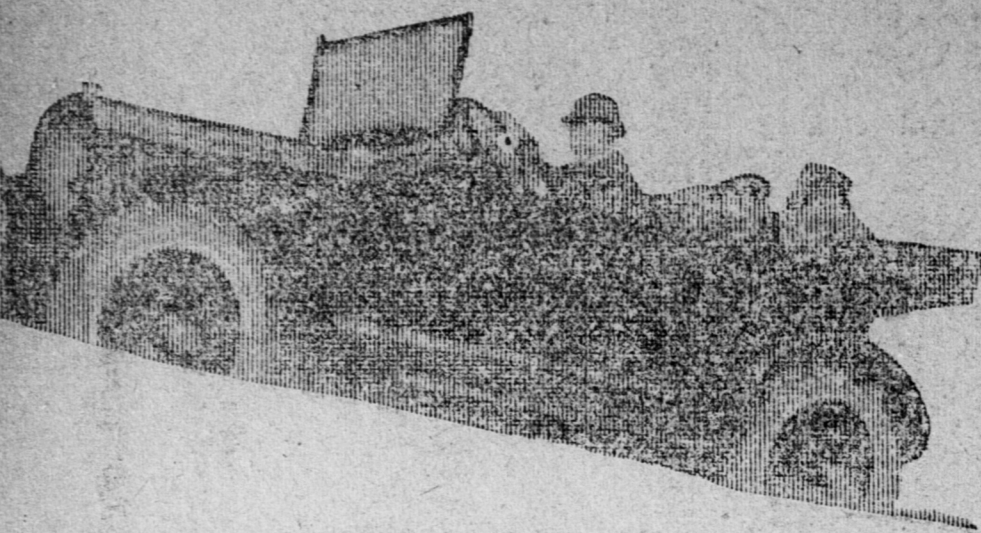

A great food waste can be saved by using, in some other manner, the "left-overs" from one meal to another. To do this, you must have a Refrigerator that you can depend upon.

Our Refrigerators are the best. They are SANITARY and have a free distribution of cold air. This saves the food and SAVES MONEY.

Our Refrigerators are easily cleaned; they are inexpensive.

Our Furniture FURNISHES

W. F. HIGGINS

DORT

Quality Goes Clear Through

The undeniable disposition on the part of the American public to regard the Dort as a particularly desirable car to own is by no means a matter of the moment.

Rather it is a steadily growing preference extending over a period of years that is simply becoming more strongly pronounced as time goes by.

Go back in your memory and you will find that you have always held a very high opinion of the Dort.

If today that esteem for the Dort is much deeper and more definite the reason is that the increasing large number of Dorts going into use is piling the proof in favor of the car higher, and higher, and higher.

BIG MEN WILL AID DISCIPLES' DRIVE

Leaders In Business And Professional Life Interested In Coming Campaign

At a meeting of the curators of Transylvania College and the trustees of the College of the Bible of Lexington this week some of the leading business and professional men of the Disciples denomination in Kentucky pledged their aid to the big gift's committee and the general campaign for funds to be made May 9 to 16 by the Kentucky Division Disciples' World Movement and placed themselves at the disposal of the promotional committee in charge of the campaign.

Those who tendered their services in the campaign were Rev. J. Leslie Fennell, of Clifton church, Louisville; W. Hume Logan, Louisville; Leonard G. Cox, Joseph W. Porter, John T. Vance, Rev. I. J. Sencer, Hon. Mat S. Walton, Sol L. VanMeter, Dr. J. C. Carrick, Dr. Charles A. Vance, Rev. E. T. Edmond, J. Nathan Elliott and Joseph S. Botts, of Lexington; Strander Goff, Rev. J. H. MacNeil and N. Prewitt VanMeter, Winchester; Rev. Clifford Weaver, field secretary of Transylvania College; Will Hinton, of Paris, and W. F. Smith, of Cincinnati.

Besides these, members of the boards of the two colleges, Rev. W. F. Turner, secretary of the American Christian Society, and W. F. Hale and C. C. Rutherford, of the First Christian church, Louisville, attended the meeting and afterward inspected the plant of Transylvania and the College of the Bible with a view to obtaining first-hand information of their needs. The two Louisville representatives of the church desired to be able to give the facts in their campaign in Louisville for that city's share of the \$1,200,000 fund to be raised by the Disciples in Kentucky this year.

Speeches were made at the meeting by the two state campaign directors, Dr. Joseph W. Hagin, of Covington, and Dr. Homer W. Carpenter, of Richmond; by President R. H. Crossfield, of Transylvania and the College of the Bible; Rev. J. H. MacNeil, of Winchester, and Joseph W. Porter, of Lexington, chairman of the executive committee.

Reports are being received from the churches out in the state accepting the quotas assigned them and some already have raised a part of their allotments, tho the drive does not start until Sunday, May 9.

Here, There, Everywhere

Senator Henry Cabot Lodge has been introduced into the campaign in Oregon as a candidate for vice president. Maybe they think that's the only way he can be compelled to give the country a rest.

J. CALVIN TAYLOR

Richmond, Ky.

Freight vessels with interchangeable hulls and sterns, the former carrying the cargo and the latter the propelling machinery, are a Frenchman's idea for reducing transportation costs, one stern serving for several hulls.

In increasing their production to three times what it was a year ago the French seem to place some reliance still in the old-fashioned idea that work is necessary. Many of our problems would be solved if Americans followed their example.

The Delaware Republican state convention has endorsed woman's suffrage, but as long as the Republican legislature of Delaware continues to defy sentiment, what hope is there from the convention action? Just now it's votes, not resolutions, that the women want.

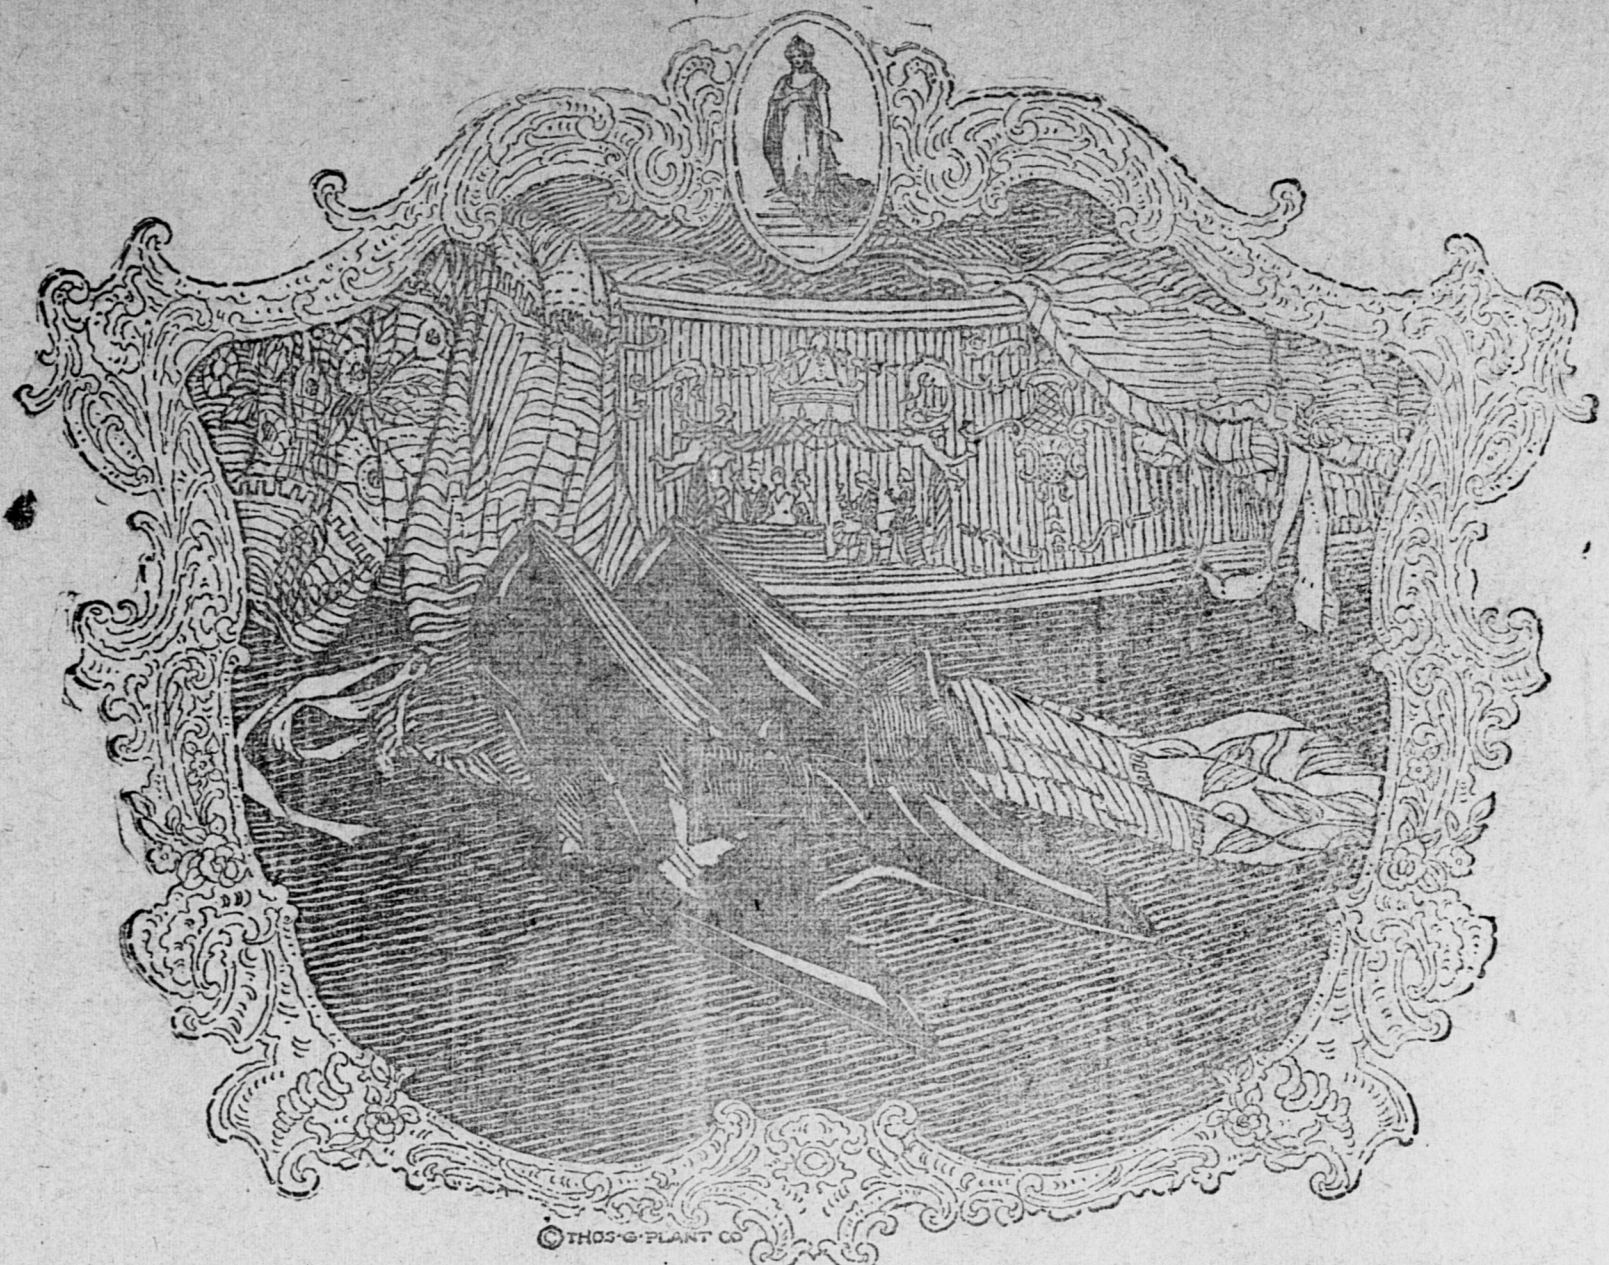

J. C. Chenault, of Freeport, Miss., is in Richmond, visiting his father and other relatives for a few days. He will return south the first of the week accompanied by his family which has been visiting here for some time. Mr. Chenault was one who experienced the recent tornado in Mississippi which wrought such terrible damage.

THINK THIS OVER

In these days when prices of things have soared to unprecedented heights and when building and labor costs have ably kept pace with the trend of the times, it seems strange that so many fail to appreciate the fact that the value of their insurable property has greatly increased, causing their present coverage to be incommensurate with the actual value of property as measured by pre-war standards. Should a loss occur and replacements become necessary, many would find to their sorrow that their protection had been piteously inadequate. Talk the matter over with

J. W. CROOKE

Headquarters for All Kinds of Insurance

Citizens National Bank Richmond, Kentucky

Would You Lose If Your Property Burned Today?

The destruction of that \$5,000 home you built a few years ago would lose to you the original cost, plus another \$5,000. For it costs \$10,000 now to build the \$5,000 home of 1914. Likewise the loss of today of the business property that cost \$50,000 before Germany went mad, would be \$100,000—probably \$100,000 would not replace it.

HARKEN YE BACK TO PIONEER DAYS

Can't Do It? Then Read "Old Timer's" Description Of Celebration At Boonesboro

There are few indeed who are sufficiently rich in point of age who remember the celebration of the Sixty-fifth anniversary of the settlement of Kentucky at Boonesboro and "Old Timer" was evidently cognizant of this fact, for he lucidly describes the event in detail as follows:

"The continuous rains of the last few weeks remind me of the celebration of the 6th anniversary of the first settlement of Kentucky, held at Boonesboro May 23rd to 25th, 1840. This entertainment was jointly arranged by the citizens of Madison and Clark counties.

About four o'clock in the afternoon of Saturday, May 23rd the Governor, Hon. Charles A. Wickliffe arrived accompanied by his military staff, consisting of Gen. Peter Dudley, Col. W. B. Kincaid, F. Kincaid, Nathaniel Hart, and Orlando Brown and escorted by Captains Patselwaite, Bradford, Fennell, Lockwood, and Dudley's companies from militia. They were met on the Clark side of the river by the committee of arrangements and escorted to the encampment. The Governor and his staff fixed their headquarters at the residence of Mr. Samuel Halley (known now as the Stephens place).

The following companies of militia arrived and went into camp that day (23rd) on the bottom land between the present trumpet and the river, contiguous to the old fort viz—Capt. Field's troop of cavalry from Woodford county; Capt. Chrisman's troop from Jessamine county; Capt. Smith's troop from Bourbon county, and Capt. Goodloe's troop from Madison county. Capt. Bradford's artillery company from Lexington with two pieces of ordnance, Capt. Postlethwaite's "old infantry" company from Lexington, Capt. Fennell's "Harrison Cadet's" from Lexington, Capt. Lockwood Frankfort infantry, Capt. Yates company of infantry from Mt. Sterling, Capt. Dudley's rifle company from Fayette county, Neal Hill's Volunteer company of the 7th Regiment Madison county, Capt. Fisher's volunteer company of the 8th Regiment, Fayette county, the whole under the command of Col. John Miller of Richmond, acting Brigadier General.

A grand military parade was held Sunday morning May 24th, the four companies of cavalry under command of Capt. Goodloe as field officer, the nine companies of artillery and infantry under the command of Col. Tracy of Clark county.

The following officers acted on the staff of General Jno. Miller viz—Major Jas. M. Estill and David S. Calloway, Major Harris, Adj. General, Major Jas. H. Berry, Quarter Master General, George P. Joactt Surgeon General, all of Madison county, and Saul P. Williams of Clark county Assistant Surgeon.

The military were reviewed by Gov. Wickliffe and his staff on Sunday morning, shortly after which there was arranged a very realistic sham attack by "Indians" fully dressed for the part, armed with tomahawks and singing their song of battle. These were soon captured by the gallant soldiers and brought in prisoners. This surprise was a great success.

One of the most imposing events of the day was the arrival and reception of Mrs. French, a daughter of Col. Calloway and who was in the fort at Boonesboro during the siege. She was accompanied by her negro maid who was also in the fort. She was met by Col. Miller and two companies of soldiers with a committee as the Clark side of the river where Col. John Speed Smith on behalf of the citizens of Madison and Clark delivered a most appropriate address of welcome.

Mrs. French was conducted about by Cols. Smith and Miller, Captains Postlethwaite, Bradford and others and escorted across the river and between files of soldiers at present arms, to the encampment.

Preparatory religious services were performed by Rev. Mr. Berkley of the Episcopal church. Then Rev. Lewis Green arose to deliver the anniversary sermon—when the clouds burst and washed the whole camp away. The rain continued through Monday the 25th and it was seen that the meeting must break up. Before this was officially done, however, former Governor Morehead, the orator of the occasion, delivered the anniversary address from Mrs. Halley's porch. The contents of this address are familiar to all students of Kentucky history and recounts with accurate detail the circumstance and in contents of the first settlement at Boonesboro. It should be read and remembered by every patriotic Kentuckian. We have a glorious heritage, should have it now in our lives and hand it down to our children.

This was the most renowned rain storm which ever occurred in Madison county. I was too young to re-

member it but one old citizen who was there told me that it "rained faster into the plug hole of a barrel than it could run out at both ends." Thousands of people from Madison, Clark and adjoining counties attended this three day celebration coming on foot, horseback and in every vehicle then in use and attended in their best clothes. If they had known what weather they were to have some of them would have invited a fusillade of musketry by donning the costumes now worn at the Boonesboro Beach. Such habiliments however would have caused as much shocked surprise and terror as if the Governor had arrived in a motor car or an airplane.

Few of those sand and water bathers who now infest the beach realize that they disport themselves in hallowed ground or understand the spirit of those pioneers who, making a beginning at Boonesboro, made it possible for them to live now in peace and plenty in this most beautiful and adjoining county.

OLD TIMER

NOTICE TO WORLD WAR VETERANS

There is to be a bronze tablet placed in the court house of Madison county, with the names of all soldiers, sailors and marines both white and colored.

It is the desire of the Jesse M. Dykes Post No. 12, American Legion to obtain all of the names of World War veterans of the above branches service who enlisted from Madison county or whose home was in Madison county at the time of enlistment prior to Sept. 7, 1917. Any veteran who is a member of Jesse M. Dykes Post or who was enlisted into the service by conscription need not send their names in, as we have a list of them. We request the assistance of citizens of Madison county as some of the veterans are out of the county and in service. We want the list complete by the first of June, 1920. All names must be of honorably discharge veterans. All names will be investigated. Any one who knows of a veterans other than those mentioned above, that we have, please send their name in to

Chairman Tablet Committee

CAUGHT A REAL FISH

Dr. George T. Smith and A. H. Davis of Beatyville went fishing up in the South Fork and caught a monster wall-eyed pike. This fish measured 36 inches in length, 20 inches girth and weighed 14½ pounds. According to Field and Stream, which is authority on these matters, the biggest fish of its kind caught in the United States last year was landed by a man in Wisconsin. He measured 32 inches in length, eighteen inches girth and weight 13 pounds. Smith and Davis caught their fish with a small steel rod and an ordinary hook and line. He carried them a quarter of a mile down to river and it was more than thirty minutes before they landed him in the boat. He was landed with out either gaff hook or net and before he was finally made safe Mr. Davies' hands were badly torn.

An inventor of a silencer for fire arms has designed a silent apartment house in which the windows always would be closed and air for ventilation passed through spiral ducts enclosed in a chamber built of sound deadening materials.

It's a cinch
to figure why
Camels sell!

You should know why Camels are so unusual, so refreshing, so satisfying. First, quality—second, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor!

For your own satisfaction compare Camels puff by puff with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes, or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Every
MAXWELL
is built of special steels

There are few "stock" steels in a Maxwell. Nearly all the steels are special, made to Maxwell's own formulae, and developed in the Maxwell laboratories.

All the experience gained from the building of nearly 400,000 Maxwells, and the study of their use in nearly every country of the world, has been put into these special steels.

They made it possible to build the Maxwell lighter in weight and to increase its strength.

Superfluous pounds thus eliminated from the chassis have resulted in increased ability in performance.

At the same time more endurance has been developed.

Thus it becomes obvious why Maxwell has climbed very rapidly into favor the world over.

Nearly 400,000 are now in use; and 100,000 more are being built this year.

When You Consider ROOFING

For the New Barn

—Look ahead for next winter, when that barn will be fairly bursting with this year's crop. It is then that you will need a roofing that will protect the fruits of whole year's labor—a roofing that will guard it against fire and all the elements of destruction. Consider this, and your logical choice will be Patent Corrugated Galvanized Iron Roofing—roofing the basis of which is imperishable rock.

—A roofing easily applied, that rarely needs painting or coating, and that after years of service shows practically no signs of wear.

IMPRESSIONS

The policy of any business house is quickly perceived by its customers. Level-headed business men know that an undeviating policy of giving satisfaction creates the impression that attracts and holds patronage.

This institution feels that its customers and friends and the public are impressed with fact that we operate with their best interests as our first consideration.

Our efforts are directed constantly toward the justifying and strengthening of that impression.

ENOUGH BILLS BUT THAT WAS ALL, SHE SAYS

Total Results Gained From Other Medicines Before Taking Trutona, Mrs. Franklin Asserts

Louisville, Ky., May 3.—Another striking bit of proof of Trutona's remarkable reconstructive powers for overcoming after-effects of influenza, pneumonia and the like is to be seen in the following statement made recently by Mrs. A. E. Franklin, Louisville woman of 1359 Preston St.

"After I had sufficiently recovered from the 'flu' to get out of bed," Mrs. Franklin said, "I found that I was very weak and a dizziness in my head whenever I would walk rendered me unfit to do any kind of work. I had been troubled with constipation for several years before I contracted influenza."

"Well of course I tried several different kinds of medicines for my troubles but about the only results I got from them were bills. It seemed that nothing would do me any good. Finally I got a bottle of Trutona and began taking it. To make a long story short, today I'm free from constipation. In addition to this I feel strong and find I can do more work than I've been able to do for a long time. That's why I recommend Trutona."

Just as Mrs. Franklin did, thousands of people have found Trutona to be everything that is claimed for it as a reconstructive agency, system purifier and body invigorant as well as an unsurpassed combatant for stomach, liver and bowel troubles, nervousness, sleeplessness, loss of appetite and the like.

Trutona is sold in Richmond at Richmond Drug Co.

KENTUCKY ACADEMY OF SCIENCE MEETING

Local Man To Be On Program In
Lexington Saturday, May 8

The program announced for the two meetings of the Kentucky Academy of Science to be held at the University of Kentucky at Lexington on Saturday, May 8, is unusual and attractive in more ways than one. In the first place, there will be many features dealing with Kentucky subjects of which little is known to the average citizen.

One will be an address by Dr. B. A. Millikan, of the University of Chicago, which will be known as the twentieth century's contribution to our knowledge of the atom. Another will be the ninth number on the program, filled by G. D. Smith of Richmond, horticulturalist at the State Normal. He will deliver an address on some interesting fungi of the Kentucky mountains. "The Lichens of Cowbell Hollow," will be the subject of one feature of his talk that promises to be of more than ordinary interest.

There are twenty-two numbers on the program which is one of the most extensive yet presented at one of these meetings. The election of new officers will occur this year, and it is also expected that there will be a material increase in the membership, since there is more widespread interest being manifested. The meetings will be public, and it is expected that there will be a number in attendance from this and surrounding cities.

Madison County Assessment

With the adjournment of the board of County Supervisors, County Clerk J. W. Maupin reports the finishing of the recapitulation and finds that the board has raised the amount required by the tax commissioner at Frankfort. The total assessment for Madison county shows \$25,794,460.

Hair Grown on Bald Head

After being almost totally bald, a New Yorker happily found something which brought out a new, luxuriant growth of hair of which he is so proud that he will send the information free to anyone who asks for it. Write: John H. Britton, Station F, New York, N. Y. Many women and men have grown hair after all else failed. Cut this out, show others; this is genuine.

A NERVOUS WRECK

From Three Years' Suffering, Save
Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

An evidence of my ability, I refer you to many farmers, stock men, and real estate dealers for whom I have conducted sales throughout the Blue Grass. RICHMOND, KY.

When You Buy Poultry Feeds

Don't make it guess-work. You can eliminate the risk by our iron-clad guarantee. The money paid for Purina Chicken Chowder will be refunded if hens, when fed

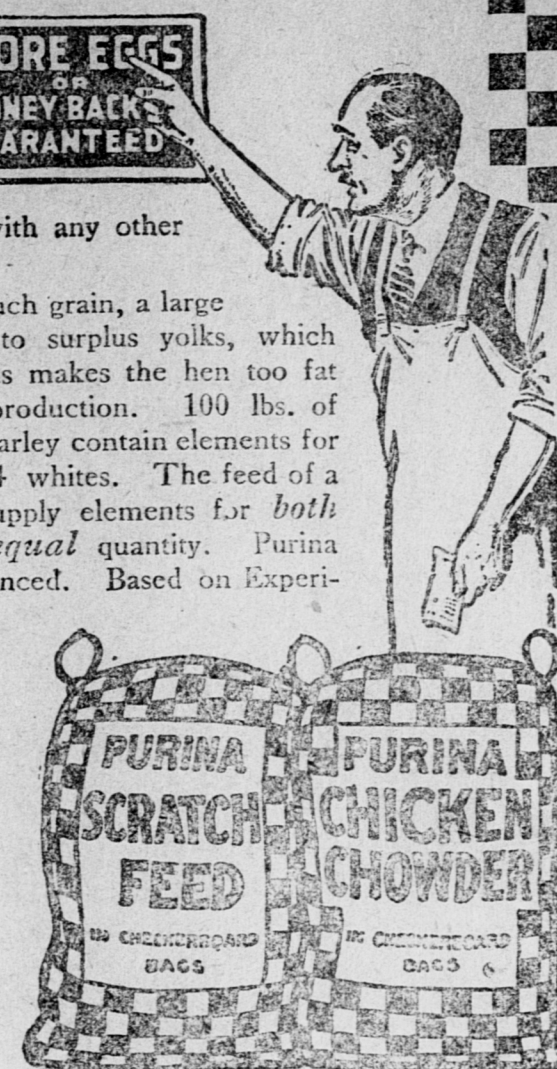

Purina Chicken Chowder with Purina Scratch Feed—the perfect balanced for laying hens—as directed, do not lay more eggs than when fed with any other ration.

Most hens get too much grain, a large part of which goes into surplus yolks, which the hen absorbs. This makes the hen too fat and cuts down egg production. 100 lbs. of wheat, corn, oats and barley contain elements for 224 yolks, but only 154 whites. The feed of a laying hen should supply elements for both whites and yolks in equal quantity. Purina rations are rightly balanced. Based on Experiment Station tests, Purina Feeds contain the following:

| Elements for | Yolks | Whites |
|------------------------|--------|--------|
| Purina Scratch Feed | 247.49 | 142.11 |
| Purina Chicken Chowder | 122.65 | 223.55 |
| Combined Purina | 430.54 | 425.65 |

Note the larger number and almost equal proportion of whites and yolks in the Purina balanced ration. Purina feeds are scientifically mixed and insure results. In Checkerboard Bag.

SOLD BY

W. W. BROADUS & COMPANY

H. B. HANGER INTERESTED IN

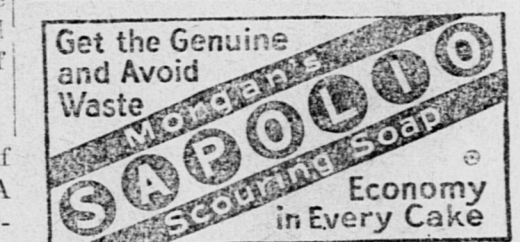

BIG LEXINGTON BUILDING

Ground has been broken at Lexington by the Mason-Hanger company for a \$300,000 nine-story apartment building which will be one of the largest and most modern in Central Kentucky and will fill a long felt want. Mr. Hanger, of Richmond, one of the investors, and a number of the company has had the plans made in accordance with his theory of modern buildings, and the result of his excellent judgement will be seen long before the completion of the building.

There are 73 widows of soldiers of the war of 1812 still surviving. A pension seems to be the aid to longevity.

Church Unification

Des Moines, Iowa, May 3.—The report of the commission on unification of the Methodist Episcopal church, North and South, was recommended to the general quadrennial conference here today. The matter will be referred to a special committee with the recommendation that it be adopted.

See Why Essex Set a World's Selling Record

Consider Its Unequalled Endurance Records—3037
Miles in 50 Hours—1061 Road Miles in 24 Hours

Essex in its first year set a world's sales record. That shows how men wanted and talked about what it offered.

But of chief importance to you are the qualities which earned this world selling mark.

You know what an uphill fight the car of average ability must make for even limited recognition.

What then was the Essex appeal that swept aside the natural doubts of buyers?

It was not prestige, born of confidence in its makers. Their identity was not revealed. Essex was required to make its own name stand for the things men seek in a car.

And it won because of its fine performance, riding ease and endurance, qualities hitherto regarded as exclusive to large costly cars. And further, because of its economy and convenience, which were exclusive light car advantages.

Essex Won Thousands Because of This

In beauty of line, in finish and luxurious appointment, Essex also has the advantage of being the product of those who build the world's largest selling fine car.

Essex has revealed performance ability never expected of a light car. It set the official

DEATHERAGE-REID MOTOR COMPANY, RICHMOND, KENTUCKY

Dealers For Madison And Garrard County, Richmond, Ky.

These Are the Advantages You Want

Greater size could add nothing to Essex. You sacrifice no motoring pleasure, comfort or good looks that large, high-priced cars can give. And you gain all the advantages of the lightweight type, more important today than ever.

They cover not alone the cost of operation. They include the satisfaction that comes with its distinction as a fine, beautiful car. And it has a new advantage in handling ease.

And there is all the surety of uninterrupted service and comfort as well as repair freedom, which hitherto were looked upon as exclusive costly car qualities.

Knowing the demand existing for all wanted cars, you will understand the importance of speaking for your Essex now.
